

The 16th CDB Meeting Cis-sequence Regulation and its Evolution

September 29-October 1, 2008
RIKEN Center for Developmental Biology, Kobe, Japan

Invited Speakers:

Shin Aizawa

(RIKEN Center for Developmental Biology, Japan)

Chris T. Amemiya

(Benaroya Research Institute, USA)

Richard Behringer

(University of Texas, M. D. Anderson Cancer Center, USA)

Claude Desplan

(NYU Center for Developmental Genetics, USA)

Denis Duboule

(University of Geneva and Federal Polytechnic School of Lausanne (EPFL), Switzerland)

Greg Elgar

(Queen Mary, University of London, UK)

Hisato Kondoh

(Osaka University, Japan)

Robb Krumlauf

(Stowers Institute for Medical Research, USA)

Michael S. Levine

(University of California, Berkeley, USA)

Eddy Rubin

(DOE Joint Genome Institute, USA)

Toshihiko Shiroishi

(National Institute of Genetics, Japan)

Arend Sidow

(Stanford University, USA)

Gregory Wray

(Duke University, USA)

All participants are requested to apply online:
<http://www.cdb.riken.jp/cis-sequence2008>

20 slots are open for oral presentations.
Application deadline: June 16, 2008

A limited number of travel fellowships will be made available to younger scientists from abroad.

Organizers: Shin Aizawa, Chris T. Amemiya and Denis Duboule
